

*The Way to Zero Waste*

## Presentation

the New Generation System for

Reuse/Recycle/Recovery of Municipal Solid Waste

based on Hydro-Mechanical separation and Multiphase Biological treatment

- NRE Research is an Italian company established in Area Science Park in Trieste specialized in research and development, design, construction and implementation of technological systems for **non-thermal waste treatment** with energy production from renewable sources.
- We offer **solutions for:**
  - Micro Biogas Plants for Farms;
  - Used Tyre Treatment;
  - Reuse/Recycling/Recovery of Municipal Solid Waste, our **WASTE BUSTER PLANT;**
  - Other special waste treatment solutions.

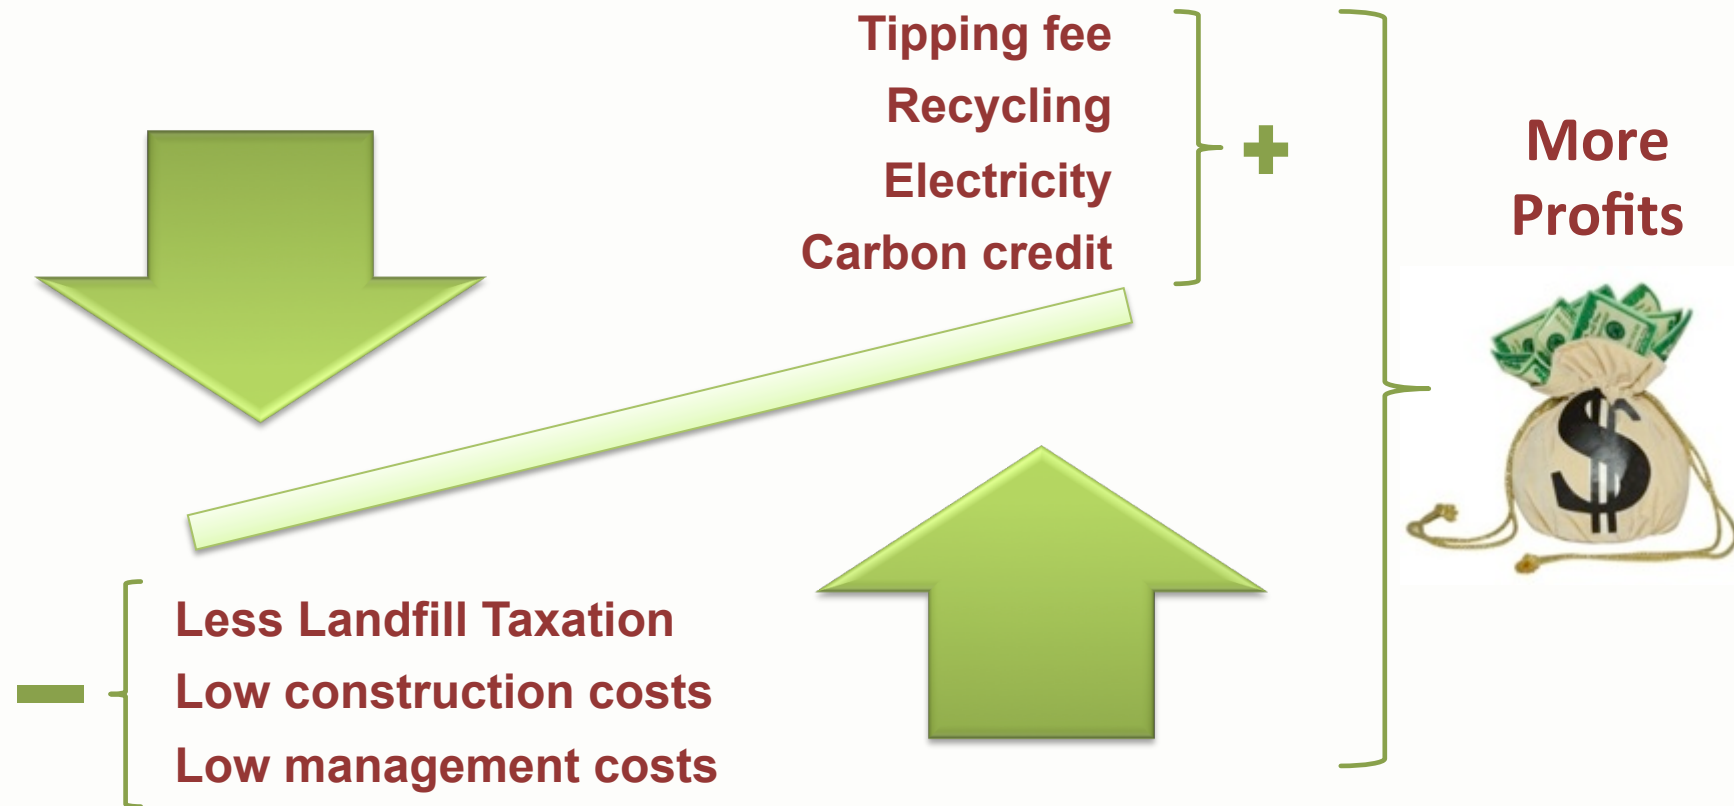

**NRE***research*

*New Recyclable Energy*

# NRE Solution - Turn Waste into Profit

**ECO**sustainability = Sustainable **ECO**logy and **ECO**nomy

# Thank you
